

MUHAMMAD USMAN ALI

Senior Software Engineer (Full-Stack .NET)

Islamabad, Pakistan | +92-323-4243791 | mohamadasman881@gmail.com
linkedin.com/in/muhammadasman881 | github.com/MUzman881

PROFESSIONAL SUMMARY

Results-driven Senior Software Engineer with around 5 years of experience designing, developing, and deploying scalable web applications using the .NET ecosystem. Proficient in full-stack development with expertise in ASP.NET Core, RESTful and GraphQL APIs, real-time communication (SignalR), cloud services (Azure), and message-driven architectures (RabbitMQ, Hangfire). Adept at implementing secure authentication, extensive third-party integrations, and CI/CD pipelines. Passionate about writing clean, maintainable code and optimizing system performance.

TECHNICAL SKILLS

Languages	C#, JavaScript, SQL (T-SQL), HTML5, CSS3
Backend Frameworks	.NET Core, .NET MVC, ASP.NET Core Web API, Entity Framework Core, LINQ, Dapper
API & Messaging	REST APIs, SOAP APIs, GraphQL, Swagger/OpenAPI, SignalR, RabbitMQ, Hangfire
Cloud & DevOps	Microsoft Azure (App Service, Azure Functions, Blob Storage), GitHub Actions, Docker, Git, GitHub, Azure DevOps
Databases	SQL Server, Database Design, Query Optimization, Indexing, DBMS
Third-Party APIs	CargoWise, WhatsApp Business API, Twilio API (SMS, Voice, Conversations), Stripe API (Payments, Webhooks)
Frontend & Security	Blazor, Tailwind CSS, Bootstrap, jQuery, ASP.NET Identity, OAuth 2.0, JWT, RBAC
Testing & Tools	xUnit, NUnit, Moq, Unit Testing, Code Reviews, Serilog

PROFESSIONAL EXPERIENCE

INTERCARGO LOGISTICS – Senior Software Engineer (.NET)

Jan 2025 – Present | Islamabad, Pakistan

- Designed and maintained RESTful and SOAP APIs using .NET Core 8, serving frontend applications and automating complex workflows through third-party integrations with enterprise logistics platforms including CargoWise and Haulage.
- Architected real-time communication mechanics by implementing SignalR hubs for instant notifications and live collaboration tools across distributed systems.
- Integrated WhatsApp Business API and Twilio APIs (encompassing SMS alerts, voice call workflows, and omni-channel automated Conversations) to construct robust, interactive communication pipelines.
- Integrated Stripe for secure payment transactions, automated subscription infrastructure, and robust webhook processing for event-driven updates.
- Implemented enterprise-grade security protocols via ASP.NET Identity and OAuth 2.0 for role-based access control and secure API endpoint protection.
- Conducted peer code reviews, authored comprehensive unit tests, and enforced strategic Git branching methodologies to optimize codebase scaling and reliability.

SIGNUP SOLUTION – .NET Core Developer

Apr 2024 – Jan 2025 | Rawalpindi, Pakistan

- Built robust, scalable APIs using ASP.NET Core and ASP.NET MVC, ensuring seamless frontend-database communication.
- Designed and optimized database schemas using Entity Framework Core; improved query performance through indexing and query tuning.
- Implemented secure login and authorization using ASP.NET Identity and OAuth 2.0, protecting sensitive customer data.
- Integrated external APIs and payment gateways to extend application functionality and ensure compatibility.
- Performed code reviews, wrote comprehensive unit tests, and maintained clean Git workflows for version control.

METAPHOR TECHNOLOGIES – Senior Software Engineer (.NET)

Nov 2023 – June 2025 | Remote

- Built responsive, user-friendly interfaces using Blazor and Tailwind CSS, improving user engagement and accessibility.
- Developed efficient GraphQL queries and mutations to streamline data fetching and reduce API overhead.
- Engineered robust backend services ensuring high API availability and fault tolerance.
- Identified, debugged, and resolved production issues; conducted comprehensive testing before releases.
- Collaborated with cross-functional teams to enhance system capabilities and drive technical innovation.

SMARTAN SOLVER – Full Stack .NET Developer

Jan 2022 – Sep 2023 | Faisalabad, Pakistan

- Led design, coding, and deployment of enterprise web applications tailored to client specifications following SOLID principles.
- Leveraged ASP.NET MVC and .NET Core to implement scalable, maintainable backend architectural patterns.
- Optimized UI performance using HTML5, CSS3, Bootstrap 5, and JavaScript; ensured cross-browser compatibility.
- Applied on-page SEO best practices (Meta tags, headings, structured data) to improve search engine rankings.
- Partnered with senior developers to integrate updates, develop new features, and foster a culture of continuous improvement.

INTERNSHIP

VIRTUAL UNIVERSITY – Desktop Application Developer

Jan 2023 – Aug 2023 | Remote

- **Final Year Project:** Developed a comprehensive Point-of-Sale (POS) desktop application for retail businesses.
- Implemented a secure login system with role-based access to protect application data.
- Built sales report generation functionality for business performance analysis.
- Designed an intuitive admin dashboard for product/category management, vendor handling, and user administration.
- Created a streamlined user interface for sales operations with intuitive navigation and efficient workflows.

EDUCATION

VIRTUAL UNIVERSITY – Bachelor of Science in Computer Science (BSCS) 2019 – 2023 | Faisalabad, Pakistan

CGPA: 3.4 / 4.0

Relevant Coursework: Data Structures and Algorithms, Operating Systems, Computer Networks, Database Management Systems (DBMS), Artificial Intelligence, Object-Oriented Programming (OOP), Web Design and Development, Desktop Application Development.

CERTIFICATIONS

- **Fullstack .NET Development** | Smartan Solver, Faisalabad | Aug 2020
- **Desktop Application Development** | Aptech, Faisalabad | Mar 2019

SOFT SKILLS

Problem Solving, Analytical Thinking, Team Collaboration, Effective Communication, Adaptability, Quick Learning, Time Management, Attention to Detail.

EXTRACURRICULAR ACTIVITIES

Media and Marketing Head | ConcordFiesta'22 | Govt. Community College

Led media strategy and marketing campaigns for the annual socio-cultural student event, enhancing student engagement and event visibility.
